Call for Papers
3rd SEERC Conference 2020
Vienna, Austria, 16th – 19th June 2020

Objectives & Themes
The main objective of the conference is to unite the knowledge about the electricity grids and electricity markets in the Region of the South East European Regional Council of CIGRE (SEERC) for the purpose of steady transition to the future power systems.

The accent will be placed on the current spectrum of cross border cooperation between the SEERC countries with the aim of strengthening and improving it greatly.

Topics are state of the art technologies concerning electric power systems as well as innovations in the field of renewable energies of the region.

Without history there is no future, as such we will also flashback to the beginnings of electrification in the region in a special history panel.

Conference Venue
Vienna is the history rich capital city of Austria situated in the eastern part of the country, with about 2 million people. As such, it is an important hub of research, technology and science. The conference will be held at Radisson Blu Park Royal Palace Hotel.

Conference Topics
The main topics of the conference for discussions will be focused on the SEERC Region and will consist of:

- Transition to Future Power Systems
- Cross Border Cooperation
- Innovation and New Technologies

All Study Committees of CIGRE (A1, A2, A3, B1, B2, B3, B4, B5, C1, C2, C3, C4, C5, C6, D1, D2) are addressed.

Programme
Tutorials
On the 16th of June, tutorials will be held from 13:00h to 16:00h followed by the official reception.

Sessions
The sessions will start on June the 17th with opening keynotes, followed by 15 sessions in 3 parallel tracks. The closing session will be on 18th of June at 15:00h.

Best Papers will be rewarded. The Technical Committee will produce a summary report of the conference for publication in Electra.
